Walking from Murphy to Manteo all 543 miles!

Physical activity and achieving a goal are important to the children at Seagrove Elementary School. That's why the school asked the Randolph Hospital Community Health Foundation to help provide funding for their "Walk Across NC — From Murphy to Manteo" program. Through this funding, the school has increased the daily physical activity of the students, given the entire school a goal to reach for and shown them the benefits and rewards of working together. And this program will reap rewards for years to come as the children strive for new walking goals next year, and continue to incorporate physical activity in their daily lives.

The Randolph Hospital Community Health Foundation and Seagrove Elementary School are working together to make a difference in the health of children and adults in our community.

Founded in 1995, the Randolph Hospital Community Health Foundation uses the interest from contributions to award health and wellness grants to the Randolph County community. Contributions to the Foundation have been a valuable part of the Foundation's ability to award over half a million dollars to the community.
