FOUNDATION

The Randolph Hospital Community Health Foundation is always a “growth” investment!

When you make a contribution to the Randolph Hospital Community Health Foundation, you make an investment in the future good health of your community. **And your dollars stay right here – where you live and work!** Since 1995, the Randolph Hospital Community Health Foundation has used contributions to improve health and wellness for the people of Randolph County. This goal is achieved by offering grants to community organizations which will engage volunteers and organizations to motivate our community to make healthy lifestyle choices in one of four areas: obesity, nutrition, physical fitness or substance abuse.
